Benefitting Pediatric Rehabilitative Services at Levine Children's Hospital and the Adaptive Sports and Adventures Program and Adaptive Programming at the Levine JCC

Every Finish Line Tells A Story:

The Levine JCC Kids Triathlon is more than a fun day of swimming, biking and running. It is a celebration of determination, possibility and what children can accomplish when they have the support they need.

Children of all ages, abilities and backgrounds participate in the Kids Tri, turning a day of athletic achievement into an opportunity to give back and support children with diverse physical needs.

Since the event began in 2012, the Kids Tri has raised more than \$1,000,000 through sponsorships and individual fundraising, helping build strength, confidence and independence AND giving more kids the opportunity to reach their own finish line.

Arya Bhatt

"I never thought I could do a triathlon because I didn't think it was something kids with special needs could participate in. When I found out the Kids TRI was open to me, I was so excited! The Adaptive Sports & Adventures Program helped me with the equipment, and the Levine JCC did a fantastic job making the event welcoming and accessible for everyone. Finishing the triathlon made me feel like I can do anything if I work hard and don't give up. I'm already looking forward to doing the next one!"

Hudson Goose

There was a time when we were simply praying for Hudson to move again after Guillain-Barré Syndrome. Now we're watching him swim, bike, walk, compete, and try to beat his own record. It's one of the biggest blessings we could ever ask for.

"It means a lot. I get to see my friends from rehab, and I get to try and beat my record every year." -Hudson

The Kids TRI has given Hudson motivation to continue challenging himself. It encouraged him to get back on the bike he loved riding before he became sick and showed him that he can continue setting new goals for himself. Each year, instead of focusing on what he still can't do, he gets to see how much more he can do than the year before.

Every kid, at every level, is celebrated here.
