(Members only)**

Pool Birthday Parties Q & A

What happens if there is inclement weather?

You can cancel your party to reschedule up to the day before the party. If the pool is closed due to inclement weather during the party, there is no option to move inside. Lifeguards will direct you & your guests to a safe waiting area until the pool reopens.

Can I bring food?

Yes, Kosher style only. No pork or shellfish, no mixing meat and dairy. Cheese (only) pizza is allowed.

Is there someone facilitating games or activities during the party?

There will not be a game or activities facilitator. You will, however, have the use of the outdoor pool and spray ground during your party.

Who needs a Waiver?

Everyone attending the party must complete a waiver. If waivers are not completed prior to the party, it is possible to complete them at the pool checkpoint entrance. However, this could cause a delay for you and your guests. Please scan the QR code to access and complete all necessary waivers. >>

How early can I set up?

15 minutes before the party start time.

Is there a refrigerator or freezer I can use?

Yes. There is a full-size refrigerator located in the lifeguard office. **NOTE:** There is limited space inside the refrigerator.
